Hednesford town centre throughout August has been busier with Disturbances around the pub areas on Evenings .The night net pubs have been liaising with us quickly and efficiently via the storenet system and we have informed the police and they quickly deployed these areas

Anti social Behaviour outside the Lloyds Tsb and the main Hednesford park area with youths congregating and hanging around these areas has been a feature this month .The police have asked us to monitor these areas on various occasions ensuring everything is all in order

The police have requested to review footage on a number of occasions this month regarding a female hit lightly by a lorry and a bike that has been damaged in the Hednesford area.

Hednesford is much busier evening/weekends with an influx of people visiting the bars/pubs and restaurants that Hednesford now has to offer in such a short walking distance from each other

Please do not hesitate to contact us regarding any issues or concerns that we can assist in monitoring around the Hednesford town area throughout September.

Kind Regards

Lisa Cattell

During the month of September we noted that the youths are heavily congregating by the Lloyds tsb, of which they were moved on by the local officers. One occasion the police moved them on when they were playing football in the area.

There was a report from the police regarding a fight allegedly in the high street in Hednesford. We located a large group in the area but did not locate a fight taking place. We passed this information onto the police.

The town is generally busy after school times with youths and on weekend evenings with people attending the local pubs and restaurants

Any concerns throughout October please do not hesitate to contact us.
We would be grateful for any information on upcoming events throughout the winter months

Regards
